INSTRUCTIONS FOR DONATING FOOD

Thank you for supporting our community by donating food through Tulsa Area United Way’s Days of Caring. Let’s show how we care for our friends and neighbors in need!

Here’s how you can safely donate food at one of our 15 community sites:

1. Drive up to the food drive location most convenient for you. Click here to view locations and addresses.
2. Follow volunteers’ instructions on where to pull in.
3. You may choose to stay in your car and allow volunteers to unload food items, or you may help unload food.*
4. Share your organization’s name with a volunteer so we can recognize which organizations participate.
5. Volunteers will have information about civic engagement (voter registration, requesting an absentee ballot and census participation).
6. Follow volunteers’ instructions on where to exit the food drive site.

* For the safety of volunteers, if you choose to get out of your car, please wear a mask and practice social distancing. Thank you for your cooperation!
